The 45 Plus Rule: Beginning the Fall 1999 Semester, first time freshmen, and entering freshmen thereafter, will be under the 45 Plus Rule. The rule states that students who attempt more than 45 credit hours over their degree plan at Texas State funded institutions of higher education and have not yet earned a baccalaureate degree will be charged out-of-state tuition. Attempted hours includes hours a student is registered for through the 12th class day (4th class day for summer sessions). Any class dropped after the 12th class day (4th class day for summer sessions) will be considered attempted hours by the State. Any courses dropped prior to the 12th class day (4th class day for summer sessions) will not be considered attempted hours by the State. The 12th class day (4th class day for summer sessions) is also the last day to drop a course with a refund. This date is listed in the course schedule. You should be aware that dropping a class after the 12th class day (4th class day for summer sessions) is going to be counted towards your attempted hours. If your attempted hours total 170 before you complete your first baccalaureate degree you will be charged out-of-state tuition for further course work. Students who have transcribed course work prior to the Fall of 1999 are grandfathered from the 45 Plus Hour Rule.

Tuition Rebate for Students Graduating with Close to the Minimum Required Credits In the Spring of 1997, the Texas Legislature passed Senate Bill 1907 which provides a \$1,000 rebate of portion of the undergraduate tuition paid by certain students. These students are those Texas residents who are awarded a first baccalaureate degree and have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree, including transfer credit and course credit earned exclusively by examination. This rebate is effective only for students who were first time freshmen in the Fall of 1997 or later and who meet the requirements as specified by the Texas Higher Education Coordinating Board.
